CHOOSE YOUR OWN ADVENTURE

Our goal is to offer an outstanding program in a beautiful, outdoor setting that allows students and chaperones to enjoy the various parts of the campground at their own pace. All of our climbing center and aquatics activities are supervised by our trained staff members to ensure the safety and comfort of all participants. We have six different class trip packages to choose from, ranging from a single-day afternoon visit to a two-night overnight stay. All of our packages are all-inclusive and there is no extra charge for any meals or activities.
All packages require one chaperone for every 10 students. The first five chaperones are free of charge, and additional chaperones are charged 50% of the student price.

FROM THE CLASSROOM, TO THE MOUNTAINS!

Experience the ultimate class trip destination in the beautiful Pocono Mountains! With numerous possibilities including climbing on one of our ropes courses, learning about and interacting with some of the region's native wildlife, or sitting under the trees with an amazing lakefront view, your trip to Pocono Valley can be as engaging, educational, or relaxing as you'd like.
